FERN HILL,

OOTACAMUND.

25th April 1915.

My dear Mr. Visvesvaraya,

I do not think I need here detail the history of the origin of the Mysore Birth-day Race Meeting, which was started by His Highness with the main desire of encouraging good horse-ownership among the officers and the public of our State. For various reasons, the Meeting has been cancelled this year, and it has been proposed to hold in its stead some equestrian sports, which it is thought, will

better help to promote sportsmanship and a taste for horse-flesh among our officers and the general public.

Messrs. Kantaraj Urs and Manjundayya who were consulted on this matter thought this to be a happy idea and well calculated to achieve the purpose in view. Their suggestions have been incorporated in the draft programme and rules of the sports, a copy of which has been appended hereto.

You will observe therein, that liberty has been taken to include you among the members of the Committee, and

it is hoped that you will not deny us the benefit of your valuable assistance in the matter by serving on the Committee.

You will further see that fairly attractive prizes are offered to induce good competition with some real enthusiasm; and, with the facilities sought to be provided for the competitors and, with the expected co-operation and influence of the senior officers, there is no reason why the sports should not be a complete success. Yet to make assurance doubly sure, it is thought advisable to provide further

facilities enabling our officers to fully participate in the events. Mr.Kantaraj Urs suggests to me that perhaps permission might be obtained for the Government officers competing for any of the events to go to Mysore for this purpose, treating the period of their absence on this account from their places of duty, as on duty, but without entitling them to any travelling or daily allowances, as was done in the case of Engineers when they attended the Engineers' Conference at Bangalore. But this being the end of the official year there might be difficulties in [illegible]

any considerable disturbance in their legitimate duties; but these sports may not disturb them long continuing at the most for three days. However he wants me to consult you on the subject.

We shall talk personally in detail about it when you come up here; and meanwhile I trust I have your leave to bring up your name on the list of the names of Committee Members. It is His Highness's desire that the sports should be a complete success; and your full co-operation in making them a -

success is relied upon. Any suggestions of your own tending to advance the object are highly welcome.

Yours sincerely,

1st May 1915.

My dear Mr. Visvesvaraya,

I thank you very much for the - readiness with which you have agreed to serve on the Committee of the Equestrian Sports, and give us your assistance which I am sure is very valuable.

I am glad that you also approve of the Second Member's proposal to treat the

time spent on travelling and at Mysore - for the sports, by officers competing for them, as on Government duty. This will enable all of them that wish to join the sports to run down to Mysore, and will go a great way in making the sports a success I think you may obtain His Highness's - sanction for this, and issue an early - notification to that effect.

Yours sincerely,

Your Highness,

I just received your Highness' letter of the 1st instant in the matter of the Eqestrian Sports proposed to be held during the Birthday of His Highness the Maharaja. I am asking the Secretary to take all necessary act and I hope to be able to communicate to your Highness His Highness the Maharaja orders in the matter very soon.

The necessary action is being taken in the lines suggested by you.

My dear Balaraj Urs,

I just received your letter of the 12th inst. enclosing copies of the programme of the Birthday Sports for publication in the Gazette. I understand, however, that it is not usual to publish such notices in the Gazette and it seems therefore better to publish them in the local newspapers viz., The Daily Post, The Karnataka, The Mysore Patriot &c. I think this will do, and some of the officers whom I consulted here agree with me. Please let me have further instructions in the matter. If H.H. the Yuvaraja is particular that it should be published in the Gazette please send me a wire tomorrow to that effect and I shall have it published.

I am doing my best to induce my friends and fellow officers to join in the Sports. I can do more in this direction after getting into Mysore. I don't think you need be anxious about the success of the Sports. I am sure it will be grand success.

Please let me have a dozen more copies of the programme for circulation in the prihcipal clubs and for publication in the newspapers.
